For more complete and descriptive information on House plants and their care, we recommend our books by A. B. GRAF:

New Edition, the world's most comprehensive illustrated book of house plants "EXOTICA 3" PICTORIAL CYCLOPEDIA OF INDOOR PLANTS and TROPICAL ORNAMENTALS. 1300 pages, bound in buckram, with 8000 illustrations of plants arranged by families, 279 shown in color; 3,000 Common Names; Botanical Terms; Descriptive Text; Information on Care; Methods of Propagation; Geographic and Climatic Background. A book every plant lover will want, and a beautiful gift — \$29.50. (Publication date late 1961.)

"EXOTIC PLANTS ILLUSTRATED"

Their Background and Requirements (6th Edition)

1,300 plants pictured, 92 pages — \$2.50

SHIPPING TERMS

Because of limited mother stock, orders are accepted with the understanding that plants in this catalog are not available at all times. We will confirm availability at the time of your request, or cross off plants which are not available. The surplus amount will be credited to your account or refunded upon request. When using your credit, please observe the rules below about minimum and handling charges. Remittance with order. MINIMUM MAIL ORDER FOR PLANTS \$5.00. For orders under \$10.00, please add \$1.00 for handling. Small orders are sent postpaid. On orders shipped west of the Mississippi, please add 5% to help defray postage. Special Handling speeds up delivery; if wanted, please add \$0.50. Air parcel post on request. We will estimate cost and bill before shipment; then adjust bill after shipment if balance exceeds \$0.25.

INSURANCE. Shipments are insured against breakage in the mail, also against frost if by Railway Express. Please show any damage to your nearest Inspector and file claim; upon reimbursement we will then ship replacements. Due to the perishable nature of exotic plants we cannot take responsibility for losses due to prolonged shipping time; neither for damages due to inspection procedures in California.

SHIPPING SEASON is from Easter to about November 15th. If shipment outside of this season is wanted, the customer must take the risk of freezing, although we would try to avoid shipping in cold weather. No orders are sent during our pre-Christmas and pre-Easter rush.

SHIPMENTS ABROAD are usually made by air, carefully plotted with selected airlines. Air charges collect by special arrangement with the airlines at destination point. Charge for shipping papers, including U. S. Health Certificate, \$2.50. Plants are shipped bare root where required by the country of destination.

Plant lovers are cordially invited to visit our 135 greenhouses, any day of the week; however, sales in our Exotics department cannot be made Sunday when our specialists are not available. The greenhouses are located on Paterson Avenue, via Highway 3, 8 miles from Lincoln Tunnel, New York. Inter-City Bus No. 35 from Port Authority Terminal in Manhattan, to Park Avenue, East Rutherford, then continue same direction 1 mile Bus No. 3

EXOTIC HOUSE PLANTS

COLLECTOR'S LIST E-61

[1962]

We have one of the largest collections in the world of unusual plants for indoor use available to the public, as listed in this catalog. This collection is created primarily because of our publications, and is necessarily fluctuating. Therefore, we do not have all the plants listed here available at all times, and our orders will be filled subject to supply. We do not carry seeds or bulbs. Specimen plants for decorative purposes quoted on request.

Nomenclature in this catalog follows Exotica II and III as closely as possible. Names used earlier are in parenthesis.

SIZES indicated are relative and determined by growth habit:

SMALL plants generally are offshoots, divisions or rooted cuttings from 2 1/4" or 3" pots.

MEDIUM size are more matured plants, usually 4" or 5" pots.

LARGE size will be good sized plants and may be in 5", 6", 7" or 8" pots, or larger.

COLLECTIONS. For your convenience, we offer the following selections of plants, properly labeled, at substantial savings in price (incl. handling charge).
